SAGE IS DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair. You can turn gray, faded hair beautiful dark and lustrous almost overnight if you will get a 50-cent bottle of "Wys-O-Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one of two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff, greyness, itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wys-O-Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Mother love, expressed in the Mothers' club, said Mr. Brown, whereby a better school settlement is diffused throughout the state, and mother love and mother-thought is now carried into all that concerns or teaches the child. It is found in school as well as at home. He made his talk very interesting by numbers of humorous illustrations.

Prof. Richards made one of his splendid, characteristic talks, in which he compared the school advantages today with those of former days. He paid a glowing tribute to the mothers for their assistance in helping to keep pace with the progressive ideas and by the works of the club, helping to make better mothers, better schools and better communities.

After the program the club members served cake and chocolate.
